

Growing around transit can provide more housing and bring environmental benefits. It can bring new opportunities and challenges for businesses. We invite the business community to share their thoughts and concerns on equitable development around transit from a business and business owner perspective. The workshop, being held on October 26, will explore different scenarios for growing around transit and what that would mean for the city's future.

Join us on Saturday, October 26 from 10am to Noon at Martin Street Baptist Church - 1001 E. Martin St., 27601

GoRaleigh Bus Routes 15, 17, and 18.

Be sure to ask staff for a transit day pass!

Children are welcome and there will be an activity set up for their entertainment.
